How a Grahamite Worried a Tucson Bell Boy-Personl Items and Society News.

[Solomonville Bulletin.]

It is said that a man from Graham county attending the trial at Tucson was greatly exercised over the numer ous white knobs to be seen around the San Xavier hotel in the rooms, etc. Finally his curiosity got the best of him and he asked the proprietor what they were for. "Those," said the affable Heaton, "are electric bells. When you wish anything touch the button n your room, and the bell boy will imediately wait on you." The enlight ened guest departed but soon returned. "How in tarnation do you know who rings when there are so many rooms in your house?" he asked. The mysteries of the indicating board in the office were explained to him and he went away with a happy smile on his face, but it is said that he nearly wore the legs of the bell boy out by calling him about every fifteen minutes after
